

## License plate recognition Hafjell Skisenter (English)

**In this parking area, license plate recognition is in use.**

Hafjell Ski Resort is regulated with a parking fee. The rate varies between day and evening and applies during the following times:

- Arrival between 08:00 and 16:00 – Fixed price for daytime parking.
- Arrival between 16:00 and 21:00 – Fixed price for evening parking.
- Other times (between 21:00 and 08:00) – No charge.

The fee is calculated from the time of entry. For overnight parking, a new fee will be charged from the entry time once the clock passes 08:00.

To check the rate for day/evening parking, see the payment machine or the APCOA FLOW app.

Choose from our products and services before departure.

### **How license plate recognition works:**

Parking starts and stops automatically when entering and exiting.

1. Upon arrival, you don't need to do anything.
2. Upon departure, you can choose between several products and services:

### **Our recommended solution:**

- If you are a foreign user and cannot download the app from the Norwegian App store or Google Play, the following website **flow.apcoa.no** can be used. You can either create a profile or use the site anonymously by searching for a license plate number.
- Parking with payment at the machine upon departure.

If you do not use the web-link or the payment machine upon departure, you can choose Park & Go. With this option, you don't need to take any action on-site. These products come with an additional cost. Choose between two options:

- **"Park & Go Web"** within 48 hours after exiting at [flow.apcoa.no](https://flow.apcoa.no). This option includes parking fees + a fixed product fee.
-

- **"Park & Go"** invoiced to the vehicle's legal owner. This option includes parking fees + a fixed product fee, and an invoice fee will apply.

**Insert under the first point about app on the respective words:**

Link to flow.apcoa.no: <https://flow.apcoa.no/home>

Link to Appstore: <https://apps.apple.com/no/app/apcoa-mobilparkering/id1354962285>

Link to Google Play:  
<https://play.google.com/store/apps/details?id=com.europark.mobilparkering&pcampaignid=MKT-Other-global-all-co-prtnr-py-PartBadge-Mar2515-1>

**These icons can be used with links above:**

**The APCOA FLOW logo can be used if desired:**

**The APCOA Parkin glogo can be used if desired:**

**QR-kode for payment on the web (for foreign users that cannot download the Norwegian app):**

The QR-code should only be used on digital platforms.
